## Don't Neglect Your Breakfast

The Fear of Indigestion Often Prompts One to Start the Day Wrong. Eat What You Like, Take Stuart's Dyspepsia Tablet and You're Safe

Breakfast offers many of the most savory dishes of all the things we eat. And yet more people than otherwise go without breakfast save a roll and cup of coffee for fear of indigestion. If you like a fried egg, or some buckwheat or sausage for breakfast go to it and follow with a Stuart's Dyspepsia Tablet. You'll have no trouble. The average person who neglects breakfast will be hungry before noon. Most men smoke to kill the appetite or munch on something to carry on till lunch time. An empty stomach under these conditions is not storing up energy, but on the contrary is susceptible to many influences that may work hardships for the next meal.

It is advisable to eat three good meals a day and digest them. If the stomach seems to be weak, to help it or give it assistance is the rational thing to do. Try a good breakfast and follow it with Stuart's Dyspepsia Tablets and you'll soon learn that regularity of meals follows a natural tendency, not an acquired one. You will find Stuart's Dyspepsia Tablets on sale in almost all drug stores throughout the United States and Canada.—Adv.

## Don't Jump From the Fry- ing Pan Into the Fire

It's the meat in the walnut, not the shell, that counts.

Don't you look up a bank's rating before you trust it with your savings?

When a so-called cleaner asks you for your work, before you intrust your garments to him, ask the cleaner for the names of some of his customers in your part of the city. Find out if that concern will stand the test of Master Service, namely, quality, promptness, and responsibility. Find out if that Master Service holds good for all year round or only during slack business.

If you are getting Master Service from your present cleaner, then stick to him. If you are NOT getting it, then look before you leap.

We are equipped to and do give you more for your money than anyone else in this business.
